Sir:

LETTER CORRECTING FILING RECEIPT

Sir:

The official filing receipt received in the above-identified application showed a date inconsistency with Patent and Trademark Office (PTO) records under the **Domestic Priority** data as claimed by applicant information.

Applicants reviewed the parent case **Application No. 09/762,008**, which had the mentioned inconsistency on the filing receipt, and it was noted that according to the "**Notification of Acceptance of Application Under 35 U.S.C 371**", dated March 6, 2001 (copy is enclosed herewith), the 371 date for the parent case was listed as February 1, 2001 not February 1, 2000.

Upon further review, Applicants noted that the filing receipt, dated March 7, 2001 (a copy is enclosed herewith) listed the filing date in the box at the top of the page as February 1, 2000. This is

where the error started and it was a clerical error made by the PTO. However, Applicants never noticed the incorrect filing date so the PTO used the incorrect date throughout the prosecution of the case. The prosecution papers that were sent to the PTO by Applicants listed the 371 date correctly and it was never noticed until the inconsistency came up on the filing receipt. The filing papers in the instant application do list the lineage correctly (a copy is enclosed herewith).

At this time, Applicants would like the PTO to issue a corrected filing receipt to have the phrase "(\*)Data inconsistent with PTO records" deleted for the reasons given above and that the 371 date for Application No. 09/762,008 be changed to **February 1, 2001** as listed on the Notice of Acceptance. The corrected filing receipt should read:

-- Domestic Priority date as claimed by applicant

This application is a DIV of 09/762,008 02/01/2001 PAT 6,689,372  
which is a 371 of PCT/EP99/05449 07/30/1999 --.

The Commissioner is hereby authorized to charge any fee under 37 CFR 1.19(h) that may be required to Deposit Account 03-1935.

**BEST AVAILABLE COPY**

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

**PLEASE NOTE the following information about the Filing Receipt:**

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
